DATA / BUSINESS ANALYST

Business Analytics professional with ~1 year of experience turning raw data into business decisions at a fast-growing US construction-technology company. Skilled in SQL & BigQuery data pipelines, Looker Studio dashboards, and AI-driven workflow automation, with a track record of independently owning recurring analytics deliverables and presenting insights to leadership. Eager to keep combining data, code, and business understanding — with a long-term passion for sports analytics.

EDUCATION

OCT 2021 – SEPT 2025

BSc in Business Administration, University of Patras, Greece

WORK HISTORY

DATA / BUSINESS ANALYST

Ergeon (Remote — US construction-technology company) **JULY 2025 – JULY 2026**

***Progression:** Data Bootcamp (Jul–Aug 2025) → Junior Business Analyst L1, Intern (Sep–Dec 2025) → Junior Business Analyst L1 (Dec 2025–Apr 2026) → Junior Business Analyst L2 (Apr–Jul 2026)*

- Built and maintained SQL / BigQuery data pipelines powering company-wide KPI reporting — writing and debugging scheduled queries from scratch.
- Designed interactive Looker Studio dashboards tracking sales conversion, turnaround time, revenue and operational health, improving data accuracy and the speed of decision-making.
- Produced weekly and monthly executive reports and presentation decks (segment-performance analysis, cross-functional business reviews), turning complex data into clear charts and narratives for leadership.
- Presented insights and performance trends directly to department heads and the CEO, partnering with Sales, Retail, Growth and HR teams to inform business decisions.
- Developed reusable AI-driven automation tools (Python + Claude Code) integrating BigQuery, Google Workspace, Slack and Jira — replacing hours of manual reporting each week.
- Configured business KPIs (revenue, margin, cost-per-lead, conversion) for new markets and regions, supporting the company's geographic expansion.
- Resolved 130+ data requests and bug fixes, taking on analytics work that previously required senior engineers.

SERVICE – WAITER

BAO BAR – Asian Restaurant (Chalkis) **JUNE 2024 – SEPT 2024**

- Collaborated with kitchen staff to ensure prompt food preparation and service delivery.
- Resolved customer complaints effectively, maintaining a positive dining experience.
- Managed orders efficiently, minimizing waiting times and enhancing the dining experience.

ASSEMBLY LINE

“N-ice” Ice Factory (Chalkis) **JUNE 2023 – SEPT 2023**

- Monitored the production line for quality control, ensuring high product standards.
- Conducted routine maintenance on equipment to prevent downtime and improve output.

TECHNICAL SKILLS

- **SQL & BigQuery** — writing and debugging queries from scratch, scheduled-query pipelines, cohort & funnel metrics
- **Python** — pandas, matplotlib, and API automation scripts
- **BI & Dashboards** — Looker Studio (built and redesigned dashboards), data visualization & storytelling
- **Google Workspace automation** — Sheets (incl. Apps Script), Docs, Slides & Calendar APIs

- **AI / Workflow automation** — Claude Code skill authoring, prompt engineering, agent workflows
- **APIs & integrations** — Slack, Jira, REST / JSON
- **Databases** — BigQuery (OLAP) and PostgreSQL (OLTP)
- **Tools** — Git / GitHub, Visual Studio Code, JSON configuration
- **Also** — proficient with MS Office Suite; introductory R / R Studio; basic HTML

BUSINESS & ANALYTICS SKILLS

- **Business performance analysis** — KPIs, unit economics, conversion, margin and cost metrics
- **Executive reporting & data storytelling** — weekly/monthly decks and business reviews for leadership
- **Data visualization** — turning datasets into clear charts for non-technical stakeholders
- **Cross-functional collaboration** — partnering with Sales, Retail, Growth, HR and senior management
- **Stakeholder communication** — presenting insights and recommendations to executives, incl. the CEO

SOFT SKILLS

- **Ownership & reliability** — self-assigning work and delivering recurring tasks without misses
- Analytical thinking and problem-solving
- Adaptability and continuous, life-long learning
- Time management and attention to detail

LANGUAGES

- Greek (Native speaker)
- English (C2, ECPE Michigan Degree)
- German (B1)

CERTIFICATIONS

“Business Simulation Training Course Certificate” by **CompanyGame** in collaboration with **GBSB Global Business School** (Malta)

Certificate of “Sports Management: The Essential Course” by Udemy

Certificate of “Sports Management: Data and Analytics” by Udemy

Security Awareness Training Certificate

ERASMUS+ participation: Innovate for Impact — Building a Sustainable Future through Business and the Sustainable Development Goals (SDGs), GBSB Malta

ACTIVITIES

- **Patras Night Half-Marathon** (Oct 2023) — supporting the organization and preparation of the event (Volunteering)
